(54) IMAGE DATA SENDING RATE CONTROLLING METHOD AND IMAGE DATA TRANSFER METHOD IN IMAGE DATA TRANSFER SYSTEM

(57)Abstract:

PROBLEM TO BE SOLVED: To provide an image data sending rate controlling method which can perform image data sending rate control even when image data like MPEG data is transferred by using a TCP/IP protocol as a transfer protocol.

SOLUTION: In an image data transfer system in which a transmitting terminal 300 which encodes image data with an MPEG system and sends it transfers image data to a receiving terminal 400 via a network 100 and the terminal 400 receives image data which is sent from the terminal 300 and decodes it with the MPEG system, processing capability which is assigned to an image data receiving function of the terminal 400 is monitored, and the sending rate of image data from the terminal 300 is controlled in accordance with the processing capability.
